REFERENCE LETTER: Roseneath Creative

It is with pleasure that we recommend the services of Andy Forssman from Roseneath Creative to you. During the past five years Roseneath Creative has been a valued partner of Spence Construction working closely with us as our preferred film and photography supplier.

This has captured a vast range of projects including commercial through to high end architectural homes in both still photography to video and drone footage. We have also utilised Roseneath Creative for internal training and induction filming too.

The major benefits we see that Roseneath add to our business is the quality of the end product, the level of professionalism which encompasses prompt communication, organisation and timely delivery of the end product. This allows us to utilise this across our business through our website and social media platforms. Additionally, the ease of doing business and for us, supporting a local business is an important factor that has created a strong relationship with Spence and Roseneath Creative.

Please feel free to contact us should you wish to discuss this further.

Sincerely,

Matt Gibson
Director
